IN CONGRESS. July 4, 1776

The Unanimous Declaration of the Thirteen United States of America,

When in the Course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good. —

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. —

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. —

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. —

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. —

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. —

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. —

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers. —

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. —

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. —

He has kept among us, in times of peace, Standing Armies without the Consent of our Legislatures. —

He has affected to render the Military independent of and superior to the Civil power. —

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended legislation: —

For Quartering large bodies of armed troops among us: —

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: —

For cutting off our Trade with all parts of the world: —

For imposing Taxes on us without our Consent: —

For depriving us in many cases, of the benefits of Trial by Jury: —

For transporting us beyond Seas to be tried for pretended offences: —

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: —

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: —

For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all cases whatsoever. —

He has abdicated Government here, by declaring us out of his Protection and waging War against us. —

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. —

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. —

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. —

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the United States of America, in General Congress Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these States, reject and renounce all Allegiance and Subjection to the Kings of Great Britain, and all others who may hereafter claim by, through or under them; we utterly dissolve and break off all political connection which may heretofore have subsisted between us and the People or Parliament of Great Britain: and finally we do assert and declare these Colonies to be Free and Independent States, and that as such they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes

We are a part of all whom we have met and they are part of us.

Mr. Friske

The implementation of the 4-Day plan this year has particularly involved the efforts of Mr. Friske and Mr. Hanson in the Fifth Day and S.P.A.C.E. office. Mr. Hanson co-ordinates activities of fifth day programs for Stillwater High School students. Volunteer work for credit, recreation programs, satellite centers, and career exploration programs are among some of the fifth day possibilities. Mr. Friske is involved with the Student Placement and Counciling Effort (SPACE) which helps students find jobs, teaches students job-seeking skills and co-ordinates career exploration of groups. Many of us can be grateful for the time these two men put into their work.

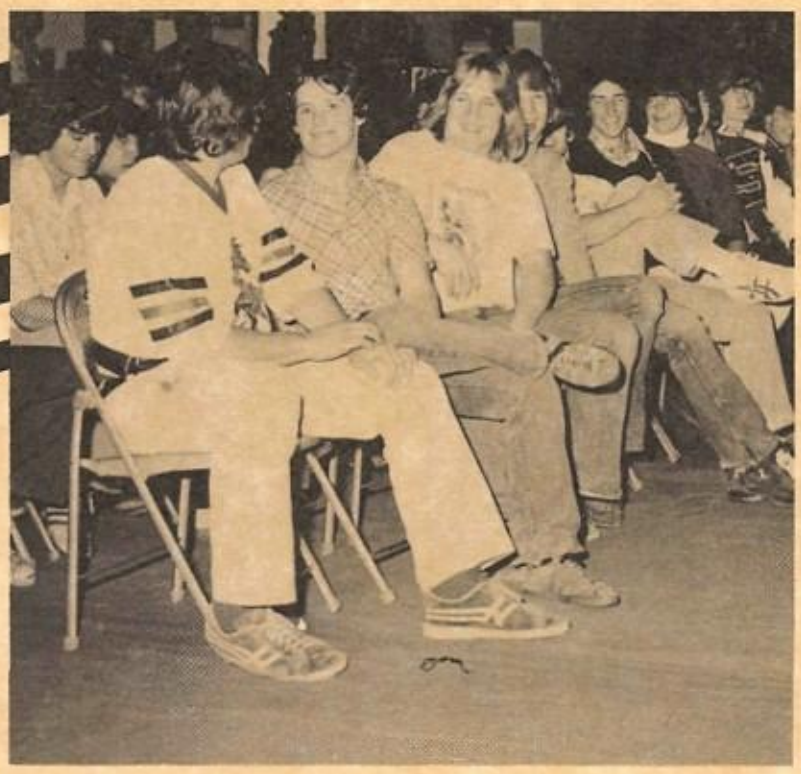
State Football Champions

One of the most exciting events in Stillwater's long history took place at Parade Stadium November 14th. A crowd of 18,000 watched as a pass completion sent spectators into tears, hysterics and each others arms. The town greeted the triumphant team with a giant pepfest Saturday and the trophies were presented to the school. This was the year Stillwater's football team made it to the top. The undefeated season ended with the Conference Title, the Regional Title and the State Championship!



The Minnesota Vikings played a triumphant game on Sunday, January 25, against some of Stillwater's great stars. The AFS Club sponsored the event where we saw such celebrities as Matt Blair, Wally Hilgenberg, Sam McCullum, Stu Voigt, Nate Wright and Bob Lurtsema. Our own Doctor Swenson, Mr. Rossi, Miss Gilmer, Gary Laidig, Buck Beutal and many other stars showed ability and poise as Karl Kussulke was commentator.

As our country this fourth of July enters its bicentennial year,
we would do well to ponder . . . Just what is America?

God built a continent with glory,
and filled it with treasures untold.
He bedecked it with soft rolling prairies,
and pillared it with thundering mountains.
He studded it with sweatly flowing fountains,
and encompassed it with long and winding streams.
He graced it with deep shadowed forests,
and filled them with song.

These treasures, down through 200 years,
would have meant little if myriads of people,
the bravest of all races and creeds,
had not come . . . each bearing a gift, and hope.
They were uncommon folk . . .
self-reliant, self-determined, self-responsible-
with the glow of adventure in their eyes,
and the glory of hope in their souls.
And out of them was fashioned a nation sublime.
They called it America

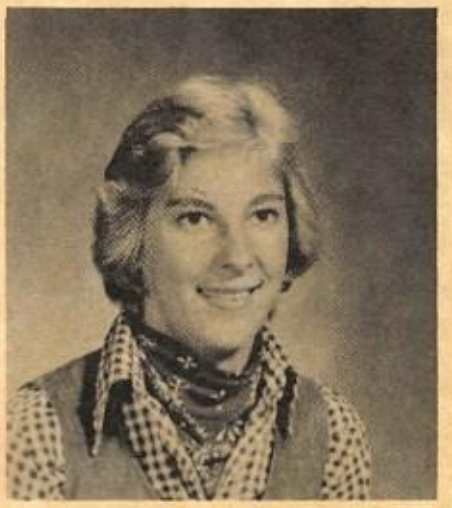
What I have to say in this letter is probably one of the most important things I will ever say, and I hope it's important for you to read. This last spring and summer were not easy on a lot of people: my family, myself, and you, my friends.

The reason why I'm doing so well is because you cared, and to be cared about is the most fantastic feeling anyone could have.

There were backyard barbecues, drive-in movies, parties, and graduation. There were times people would have to carry me through the rain, and put me to bed. There were kids that came out to the house and people who asked about me in school. Everywhere I went, someone would ask, "Can I help you?", "How ya doing?", or "Are ya comfortable?". All of it means so much to me, more than I can express on paper.

Then there was the air conditioner. (If you only knew I had wanted a car.) I think of all the time that was put into the bake sales, and all the baking, and all the people who baked for them. I heard about all of you and about the running and chasing for the air conditioner. My special thanks to Kirsten Skoglund and Kevin Wilcox.

So, what I'm trying to say is "thanks," although I don't think I could thank any of you enough. It meant, and still does mean, so much to me. I would like to thank very much my two tutors, Mr. Hanson and Mrs. Sahmaunt. Once again thank you for everything. If there's something I can do for any of you, look me up.



Yesterday is gone . . .
Tomorrow may never come . . .
But there is today and today is
an ever present opportunity to make
ourselves and those around us
Truly Happy

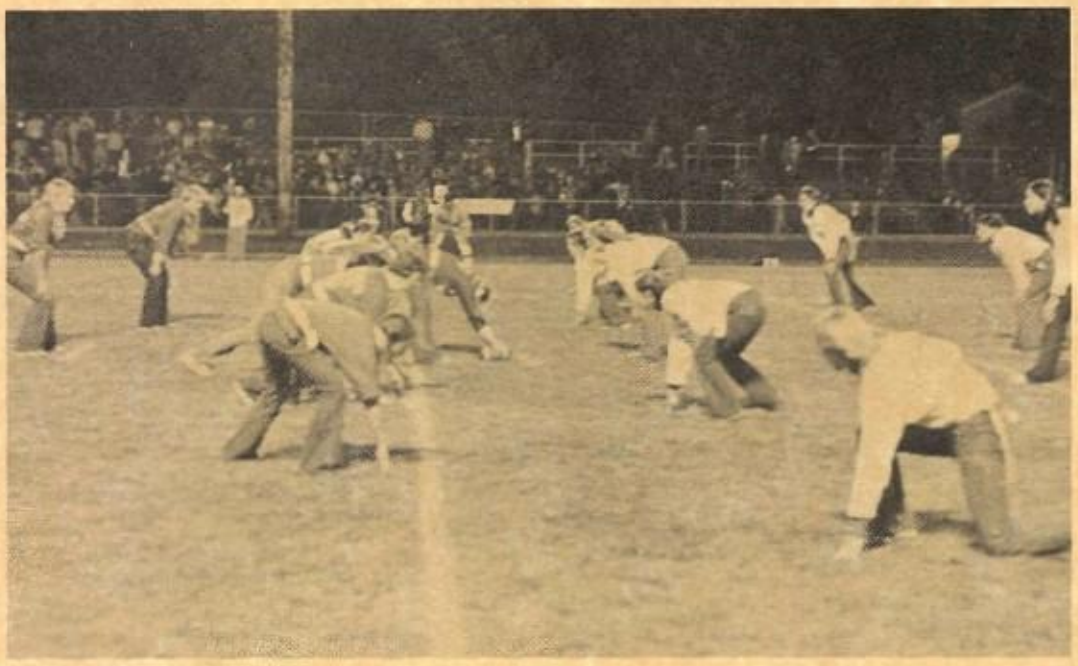
Kimmee

The Big "D"



The 1975 Homecoming festivities began early in the week when the mighty seniors annihilated* the juniors by a score of 8-6. The mighty offense was superbly coached by Bradley Berg, Bruce Regis and Mitchell Sattler. The incredible defense was fearlessly coached by Robert Bliss, Peter Clements and Douglas Johnson. The senior girls must have given Big Red the incentive to win, for on Friday night the Ponies chalked up one more victory in their winning season.

1976 Letter To Seniors

As students soon to leave this school, we have many ways to consider the days we've spent together and the lifetime we will spend apart.

Our sophomore year came, and we found ourselves buried in the rigorous routine of studious living, learning such fundamentals as how to make a right turn and a complete stop. We adjusted our social time to fit our modular schedules after recognizing the advantages of two junior highs coming together. "Is he/she from Oakland?" But this was only the beginning. The thrill of seeing the first '76 on a letter jacket meant even more as we saw the spirit of achievement prevail. Our days together were carefree, sometimes wild, sometimes mellow, but with the hope of tomorrow always in our eyes.

The beautiful summer ended, and we were formally called Juniors. We began to find our friends taking on new responsibilities in places of authority, like having our chemistry partner on the varsity squad and seeing our class representatives getting things done. Feelings of "senioritis" were already beginning to set in, but the privilege of attending prom eased some of the tensions. Time lingered ever so slowly, yet we soon found our final year upon us.

Friends have come and gone, times have changed, but we are still a part of all whom we have met and they are a part of us. This year has seemed especially important in that we have had so many honors and unique experiences. This eventful year began with the 4-day plan under which we will be the first to graduate. We are honored to carry the titles of the Centennial and Bi-Centennial class in this presidential election and Olympic year. Never before have so many events filled our lives and minds. Questions, doubts and uncertainties about our future have occupied many more hours than homework (in some cases). Yet we are not afraid of tomorrow, for we have seen yesterday and we love today.

We may never be the same again. As we leave Stillwater High School, we realize that the only way of returning to these special days will be through memories. This is not the end . . . not the beginning of the end. This is the end of the very beginning.

Run To Glory

"Team of Destiny"
is what Pony coaches George
Thole, Jerry Foley and Dennis Meyer dubbed
the 1975 Big Red Machine early in the season. That
label stuck as the Ponies won their first conference title in
22 years, enjoyed their first undefeated season in 32 years and
grabbed their first state title ever. When the smoke cleared the locals had
posted a 12-0 record and currently own the longest win streak in Minnesota — 14
straight. The Ponies set down 9 conference opponents to enter the Class AA Playoffs
and ranked second in the state behind Lake Conference power Richfield. Stillwater crushed
North Suburban Champion Kellogg 35-14 before 5,000 fans at the College of St. Thomas. The
locals next rolled over Twin City Champion St. Paul Harding 31-7 before 11,500 spectators at
Minneapolis Parade Stadium. That set the stage for the classic showdown between Stillwater
and Richfield, the state's only unbeatens. 14,000 fans jammed Parade Stadium for the
game that would decide the state championship. Richfield led 17-14 with 3:41 left in
the game and the Ponies were 77 yards away from the Spartan goal line. S.H.S.
marched to the Richfield 6 yardline with just seconds left to play. Big Red
was faced with fourth down when Todd Butterfield hit Bob de St.
Aubin with a pass in the Spartan endzone for a thrilling
20-17 Stillwater victory. "The Immaculate Reception" in
the words of Coach Thole gave Stillwater the
state championship and the right
to be called number one.

The sophomore football team finished their season with a perfect record of nine wins and zero losses. A young pony team lead their league in offense and defense. The offense scored 269 points, while the defense held their opponents to only 69 points the entire season.

The young Red and Black show great prospect for another State AA Championship in the coming '76 or '77 seasons.

This year's Cross Country Team had an outstanding season. Some highlights of the season were the winning of the Richfield, Princeton, and Hudson Invitational Meets; giving up only 12 points in winning all the Conference meets; Jay Junker setting a new school record of 15:14; a new team record of 15:33; being rated 2nd in the state; the only undefeated Double "AA" Cross Country team during the season; winning the first Conference Championship; a 4th place finish in the Regions; and Jay Junker going to the State meet.

The team had four All-Conference runners: Lindsay Brown, Jay Junker, Dave Kinning, and Tom Swanson. The team looks forward to a great season again next year as they have 20 runners returning.

The girls' team was in their second season and continued to improve their times. Gillis Bradley is now the school record holder in the two mile with a time of 13:28. The girls' made a tremendous improvement this year and are looking forward to next year when all will be returning.

SALUTE

The Class of 1976 from Stillwater Senior High School has demonstrated its open-mindedness, resiliency, and openness to change by being willing to cope quite successfully with a major change in the educational program of its last year of high school.

The positive attitude evidenced by this class is representative of its individual and collective maturity. It has made the administration of the program and school more facilitative.

Hopefully, this attitude is a favorable portent of things to come as we move into the tri-centennial period.

The Stillwater Senior High School music program consists of two concert choirs, the Vagabonds, Glee Club and Pop Group. General objectives include developing a student concept of disciplined choral singing and good tone production, and encouraging students to enjoy and appreciate the experience gained by being involved in productive group activity. All groups are auditioned except the glee club. Students also have the opportunity to receive individual vocal instructions. The choral groups perform for the first time each year at Homecoming and subsequently at Christmas, Winter and Spring concerts followed by the contests. The groups also tour. This year both concert choirs are taking a singing trip to Chicago. Before the year was over the Vagabonds and Pop Group provided the community with close to forty public appearances at various functions.
